

Wilsonville Public Library Foundation

November 20, 2025

Dear Friend,

Wilsonville Public Library has long welcomed people of all ages seeking knowledge. From shark anatomy and Shakespeare to bike repair and English language learning, the library is here for you.

The Wilsonville Public Library Foundation has been a proud supporter of Dolly Parton's Imagination Library and has funded programs that promote lifelong learning for the past twenty-five years. This year, contributions from donors have helped support several such initiatives:

- OMSI's Sound of Science for kids ages three through seven
- Tide Pool Tango, presented by the Oregon Coast Aquarium, for kids and adults
- Finding What You Need, Using What You Find, a genealogy workshop using DNA research
- Samurai in the Oregon Sky: a filmmaker and director discuss the sole manned bombing of the US mainland in World War II

And coming early next year: The WPLF has pledged \$20,000 for a major upgrade to the Children's Room. It will be a beautiful mural designed by a local artist to replace the existing cork bulletin board. This change will greatly enhance the appearance of the room and reduce the time and materials currently needed for each display update.

Your generous gift to the Foundation this year will help us to reach our goal of supporting this exciting mural project as well as continuing to support ongoing programs that enhance the lives of library users. Please join me in supporting the library by making a gift to the Foundation.

Thank you so much and best wishes for a wonderful year ahead in 2026!

Bob Renfro, President, Wilsonville Public Library Foundation
